## Doing Good with Land of a Thousand Hills Coffee.

### Coffee is the heartbeat of change in Bukonya:

The Coffee harvest is coming to an end, and sales of coffee from the Bukonya cooperative will provide an incredible Living Wage to all 210 of the farmers. This income allows them to provide for all 1200 of their family members. Pray for the people to continue to work together for the common purpose of coffee. Reconciliation is occurring between those who were involved in the genocide. Give praise for the hope being restored. Please pray for our staff here and abroad, pray for our mission, for Rwanda, and for next year's harvest.

**Get involved:** Buy our coffee for your home, office, and church. Share our story with others.

### The Coffee Bike Project: Sustainable Cycle

Coffee bikes save lives. They enable farmers to get their coffee cherries to the Bukonya coffee washing station without fear of harm. It also gets their crop there more quickly, and the sooner the cherries get to the washing station, the higher the quality of coffee. This means an even higher price for the farmers and an increase in their livelihood. Please pray for our coffee farmers who work so diligently. Pray for our bike program, that we are able to fund the container of 250 bikes and that the farmers embrace the opportunity given to them. Give praise for the amazing 115 bikes already purchased by our coffee customers!

**Get involved:** Finance a coffee bike for a farmer for \$250, or consider financing parts of a bike for a smaller amount.

### Caring for the Bukonya Coffee Orphans:

In recent months, nutrition evaluations were conducted on the orphans in Bukonya revealing 75 severely malnourished children. This is heartbreaking so we have partnered with NutriAid to provide immediate supplements. We have started the Goat Project and each animal purchased will produce 16 cups of milk a day. We are also moving quickly on child sponsorship programs to provide support for the 500 orphans. Pray for these projects that we might provide for the least of these. Pray for the children and a means to help them.

**Get involved:** Buy a goat for \$50 - it will change a life. Sponsoring an orphan in Bukonya.

### Rwanda Coffee Expeditions:

On your next church mission trip to Rwanda, take our day trip from Kigali to Bukonya to meet our farmers and orphans. We are also now planning extended trips for the summer of 2010! Travel for two weeks with Land of a Thousand Hills staff. Experience Rwanda, work next to our coffee farmers, play with the children of Bukonya, and celebrate the coffee harvest. Your morning cup of coffee will never be the same.

**Get involved:** Pray for our groups currently in Rwanda and consider coming with us! Contact us at [info@drinkcoffeedogood.com](mailto:info@drinkcoffeedogood.com) for more information.
